OUR MISSION

RESCUE RESTORE PROTECT EMPOWER BE A VOICE

RESCUE THE SEXUALLY EXPLOITED AND ENSLAVED

Destiny Rescue rescues children from red light districts, brothels and sexually abusive situations.

RESTORE THE ABUSED

Destiny Rescue provides rescued children the intensive care and love they need to recover from the traumatic effects of sexual abuse and sexual exploitation. We provide them medical help, counseling, schooling, vocational training and all daily needs required to be integrated back into society successfully. In addition, we provide a safe protective place for them to live, grow and experience the unconditional love of God – a place where they can feel valued and esteemed; a place where they can be kids again.

PROTECT THE VULNERABLE

Destiny Rescue offers programs that help at-risk children and families reduce their children's chances of being sold, lured or trafficked into the sex-trade.

EMPOWER THE POOR

Destiny Rescue believes in empowering the poor and giving them a hand up in life, not a handout. Our philosophy and goal is to help them become self-sustaining through one of our many assistance programs. Simply put, we don't want to create a welfare system where children and families become dependent on our organization, but rather have a chance to become profitable through hard work and common sense.

BE A VOICE FOR THE VOICELESS

Destiny Rescue is committed to being a voice for the sexually exploited, vulnerable and poor who, in most cases, can't speak up for themselves. We believe everyone has a right to be heard, especially those crying out for justice. Many times they are overlooked or tossed aside by society, but we are determined to be their voice – motivating and inspiring influencers to get involved and make a difference in the lives of the voiceless.

A woman with dark hair in a ponytail, wearing a bright blue jacket and jeans, is riding a silver bicycle away from the camera down a narrow, paved street. The street is lined with colorful buildings, some with corrugated metal roofs and others with painted walls. A motorcycle is parked on the left side of the street. In the background, there are more buildings and a large, leafy plant with pink flowers. The title 'Srey's Story' is written in a white, cursive font across the top right of the image.

Srey's Story

I grew up in a village near Phnom Penh in a loving family with one younger brother. My mother became pregnant and gave birth when I was 16, but the baby died two hours later. My mother fell sick and died soon after. That was what changed my life. We spent all our money on her funeral, and I had to drop out of school and begin working to help support my family. A woman who knew my father offered me a job doing kitchen work in a bar, and I accepted.

I started out working in the kitchen, then began delivering ice to customers' drinks, and the customers started to like me. I preferred working in the kitchen, but when the restaurant owner asked me to entertain customers in private rooms I had to obey.

When the customers came in, I had to sit in a line with the other girls and wait for them to choose one of us. Sometimes a customer liked me and wanted to take me away for sex, but I always said 'no'. I was afraid because my friends told me that sometimes customers hurt the girls or sell them to someone else.

While I was working at the bar, two rescue agents came to get my friend. She went to live at Destiny Rescue. We were still in contact, and she told me it was a good place and that I should join her.

When I first came to visit Destiny Rescue I liked the program. Girls who work in bars like I did don't have good reputations, and I wanted to have a good reputation. So I decided to live at Destiny Rescue too.

I felt loved and accepted at the house. The environment was good, and the house sisters looked after me and encouraged me and told me about Jesus. I used to go to church when I was a lot younger, but only to eat the cookies. I didn't know Jesus until the house sisters helped me understand more about him. I now know Jesus as my protector and helper.

Now I work in a Western restaurant, and I really enjoy it. I plan to continue working here for a while and save money to open my own small restaurant. I want to cook Western food for people. I still see my father and brother often. Family is very important to me!

I want to encourage girls working in a bar to start looking for a new job. Customers at bars can be dangerous!

When I was working at the bar, my life was hard. I never imagined I could have a life this good. Now I am blessed to have a good job and a plan for the future.
