Two of those rescued were 17-year-old Sophea\* and her little sister, Maly.\*

They used to work long nights at a bar in a red-light district in Cambodia.

**And now, these survivors are Freedom Fighters.**

Sopheha and Maly worked together with Destiny Rescue to reach out to girls they knew were still trapped in sexual exploitation—bringing rescue and freedom to more girls like them.

*Sopheha and Maly's reason:*

**MORE KIDS LIKE THEM FREE**

LAW ENFORCEMENT**

**168** PERPETRATORS ARRESTED

Jacob\*, a rescue agent in the Dominican Republic, worked alongside law enforcement in a massive, complex case where he assisted in eight months of undercover work—resulting in agents and over 250 officers conducting raids simultaneously at 11 different locations across the country. This shut down a massive trafficking ring, arrested 14 perpetrators and rescued 75 girls and young women.

It was then discovered that there were two more girls left. Jacob bravely journeyed back and went undercover as a customer looking to purchase time with the girls.

Once they were in his car, the staged plan unfolded: the police intercepted the vehicle, dragged Jacob out and cuffed him to make the ploy believable.

**Those two survivors will never know that the man they saw cuffed was not another abuser, but their rescuer.**

*Jacob's reason:*

**NO CHILD LEFT BEHIND**

COMMUNITY CARE

Countless children around the world are forced into sex work to survive. Jane, a Business Manager in Kenya, is determined to see this change. She helps the guardians of young rescued children establish and run small businesses to empower the family economically and ensure the rescued children won't ever have to return to sex work to survive.

From delivering food packs while guardians get on their feet to teaching business plan development courses and vocational classes, Jane empowers families and survivors to live lives they never thought possible.

*Jane's reason:*

EMPOWERING KIDS AND FAMILIES

"The daily devotions and prayers helped me to know who Jesus is. **These two things changed my whole life. I am thankful to Destiny Rescue for rescuing me and giving me a new life."**

## THANK YOU.

### REGIONAL HIGHLIGHTS

#### LATIN AMERICA: LARGEST RAID TO DATE

In the Dominican Republic, 11 simultaneous raids shut down a major trafficking ring—arresting 14 perpetrators and rescuing 75 girls and young women.

#### AFRICA: 801 KIDS RESCUED + EMPOWERED

801 kids were rescued across East and Southern Africa, and every survivor entered our reintegration programming. Most were rescued from situations where they had to sell themselves just to survive.

#### ASIA: INTERCEPTIONS, RESCUE MISSIONS AND FREEDOM PLANS

At the Nepal border, 873 kids and adults were intercepted and rescued across 24 border stations in six districts.

Over 400 men, women and children were rescued after being lured out of Thailand by false job offers and forced to work in scamming call centers. Their working conditions were brutal—survivors reported electrocution and solitary confinement as discipline. This ongoing mission is yielding the largest number of rescues our teams have ever assisted with cumulatively.

In two countries in Asia, 493 survivors enrolled in Community Care and participated in trauma rehabilitation as part of their individualized Freedom Plans.
