

# VOLUNTEER *guide*

Goal: To understand the heart and mission of Destiny Rescue and to equip yourself to effectively answer questions and share about Destiny Rescue's work in rescuing kids and equipping them to stay free.

## WHO IS DESTINY RESCUE?

- Destiny Rescue is dedicated to **rescuing children from sexual exploitation and human trafficking and equipping them to stay free**
- Christian, international nonprofit founded in Thailand in 2001

## WHERE DOES DESTINY RESCUE WORK?

Destiny Rescue works in multiple continents, regions and nations around the world.

- Our **Funding Nations** raise awareness, funds and talent to empower the mission. This includes **the United States, Australia, New Zealand and the United Kingdom**.
- We actively rescue children in multiple **Rescue Nations** in **five regions** across **Asia, Africa and Latin America**. We're constantly being proactive and strategic about starting rescue projects in new locations. **To see our current Rescue Nations, visit [destinyrescue.org/where-we-work](https://destinyrescue.org/where-we-work) or scan the QR code.**

*To protect staff and survivors, our work in certain countries must remain undisclosed in public media*

## HOW ARE CHILDREN RESCUED?

**Our agents work tirelessly using a variety of tactics to find exploited children and then remove them from harm, at times in collaboration with law enforcement.**

Tactics to locate exploited children could include:

- Undercover or online investigations
- Canvassing and building trust within high-risk communities
- Conducting interviews at trafficking hotspots
- Acting upon information brought to us by individuals or agencies

Once found, each rescue can look very different depending on the situation at hand, but our most common rescue operation types are:

**Raids and Law Enforcement Collaboration** Rescue teams participate in case-building and rescue operations in collaboration with law enforcement.

**Covert Operations and Rapport Building** Covert agents work undercover, or field agents work in high-risk communities to build trust, then rescue children trapped in exploitation.

**Border and Trafficking Route Monitoring** Rescue agents monitor routes out of the country, stop and interview travelers and rescue individuals from active trafficking situations.

## HOW DOES DESTINY RESCUE EQUIP KIDS TO STAY FREE?

When we are involved in reintegration, whether in a community or residential home setting, a member of **our reintegration team will develop an individualized Destiny Rescue Freedom Plan™ for the child.** This plan focuses on decreasing the vulnerabilities that led to her being exploited while providing new opportunities that allow her to move forward in a life of freedom. This care includes components such as a safe bed, urgent health care, economic empowerment, daily food, education or vocational training, trauma resilience training and spiritual growth.

*Not all survivors enter our reintegration programming. Equipped with newfound trafficking education and awareness, some survivors reunite with their families and don't enter Community Care. In some countries, survivors join government-led reintegration programming.*

## DOES DESTINY RESCUE SHARE THE GOSPEL WITH SURVIVORS?

**It's our goal to share the Gospel and love of Jesus with every survivor who enters our care.** We are intentional to protect our teams and survivors who live in regions that have any level of hostility toward Christianity.

“The biggest change in my life is that I have *known* God.”

SURVIVOR, AGE 10
